

# TIRED OF LONG WINTERS AND FEELING LOCKED UP?

Imagine enjoying Summer all year round.

## Now you can!

It starts with the outdoor kitchen you have dreamed about.

The IMDesign Outdoor kitchen.

It's stunningly beautiful while withstanding both the test of time and weather.

Wouldn't it be great to enjoy your outdoor living space without the hassle of having to bring everything you need in and out of the house?

Imagine socializing with friends and family in your outdoor living space as soon as they arrive, rather than feeling stuck inside cooking or cleaning up by yourself.

## Life has just gotten better:

- You'll have everything at your fingertips.
- Your friends and family will be able to enjoy socializing in your outdoor space more and with YOU!
- Have some fun while you're entertaining or just relaxing.

# Here's how you can make your outdoor kitchen dream come true:

1. Contact us and we will walk you through our complete assessment process to determine which IMDesign outdoor kitchen might be best for you.

- What would an outdoor kitchen bring to your life?
- How will it make life easier and better?
- What are your priorities for enjoying your outdoor space?
- Do you have a wishlist?

2. We will take all this information and help you envision your dream kitchen.

3. Then the fun begins as you choose your colours, materials and lay out.

4. After that you will receive a detailed proposal for your custom outdoor kitchen including a list of everything you imagine. Plus photos of outdoor kitchens we've created for other happy clients.

5. When you approve the proposal, we'll get started on drawings and send you samples.
